Why Sheepskin hire?

Elevate places & spaces with
texture & tones

At Heatons, we've spent generations working with sheepskin and natural materials and we know how to bring warmth, texture and understated luxury to any setting.

Hiring sheepskin décor helps you create beautiful, layered styling without the cost or hassle of storage, and gives your event a one-of-a-kind feel.

Our growing hire collection is designed for venues, stylists and photographers looking to elevate weddings, events or shoots with ease.

For gifting, choose from hand-crafted Spanish Merino and British sheepskin slippers, soft furnishings and thoughtfully curated gift boxes.
